

Naturally Raised Bison..

Located in east central Minnesota, the Eichten Bison Ranch has about 250 head of American Plains Bison (Buffalo).

Our animals are raised on native pasture grasses, hay, oats, and corn silage (the whole corn plant chopped.) We grow all the crops the bison consume with no pesticides or herbicides.

Bison meat is the most flavorful meat most people have ever tasted. It tastes like meat used to taste. You may notice a sweeter flavor than beef which adds to the richness of the meat. It is not gamey or wild tasting. Bison meat is just

naturally flavorful and tender. It tastes great by itself and will enhance your favorite recipe.
